As a charity and membership organisation, we work positively and constructively with our members and other key stakeholders across Wales to advance equality and reduce prejudice, discrimination and marginalisation related to housing.

Our members inform and support our work as influencers and thought leaders, while benefiting from high quality services, support and networking through our member benefits.

Membership of Tai Pawb allows housing associations to send a clear message to their tenants, staff, board and all those they work with that equality and diversity is a priority for them and that they are accessing expert support to help them ever improve as an inclusive and diverse organisation.

"A big thank you for all the support we've received from you and the team; you have been absolutely fab and dealt with all our queries along the way with patience and consistently provided supportive advice for us" (RSL with under 3000 properties)
